Hovhannes Rafael Bolibekyan

bolibekhov@ysu.am

Faculty of Informatics and Applied Mathematics
Chair of Discrete Mathematics and Theoretical Informatics
Associate professor

Faculty of Informatics and Applied Mathematics
Chair of Discrete Mathematics and Theoretical Informatics
Associate professor

Publications

Conference
ON A COMPACTNESS THEOREM FOR FUZZY LOGIC
H. Bolibekyan, A. Shahverdyan

2025 15 - 16

https://www.ysu.am/conference/915

Article
On Recurrent Neural Network Based Theorem Prover For First Order Minimal Logic
Ashot Baghdasaryan, Hovhannes Bolibekyan

JUCS - Journal of Universal Computer Science 2021 1193-1202

Article
On the Minimal Fragment of S5 Modal Logic
H. R. Bolibekyan, A. R. Baghdasaryan

Reports of NAS RA 2021 7-12

Article
On Machine Learning Powered Theorem Prover for Propositional Fragment of Minimal Logic
Ashot Baghdasaryan, Hovhannes Bolibekyan

Collaborative Technologies and Data Science in Artificial Intelligence Applications 2020 135-142

Article
On Some Systems of Propositional Minimal Logic with Loop Detection
H. R. Bolibekyan,, A. R. Baghdasaryan

Reports of NAS RA 2019 110-115

Patent
Error Determination from Logs
Movsisyan V., Bolibekyan H.

2019
